Two Basic Questions

#1

#2

Why people **don't** study Bible on their own?

- They do not place it on their priority list.
- They believe it is not relevant for today.
- They do not know how to begin to study it.
- They do not think they can understand it on their own.

Two Basic Questions

#1

#2

Why do we need to study the Bible?

- It is the only means for spiritual growth.
- It is the divine means to develop spirituality.
- It is the only means for preparation for ministry and life.

Therefore, putting aside all malice and all guile and hypocrisy and envy and all slander, like newborn babes, long for the pure milk of the word, that by it you may grow in respect to salvation . . .

1 Peter 2:1-2

Concerning him we have much to say, and *it is* hard to explain, since you have become dull of hearing. For though by this time you ought to be teachers, you have need again for someone to teach you the elementary principles of the oracles of God, and you have come to need milk and not solid food.

Hebrews 5:11-12

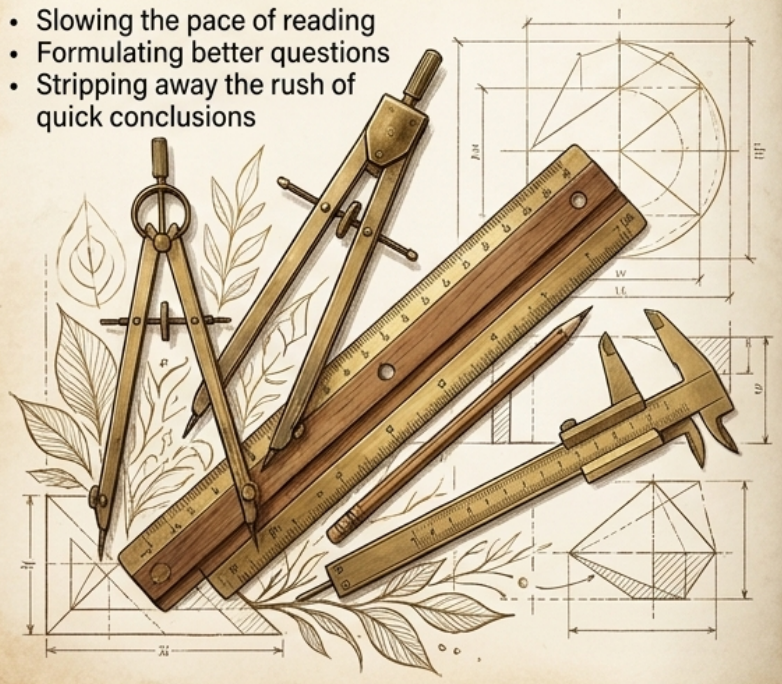

For everyone who partakes *only* of milk is not accustomed to the word of righteousness, for he is a babe. But solid food is for the mature, who because of practice have their senses trained to discern good and evil.

Hebrews 5:13-14

The Dual Outcomes of IBSM

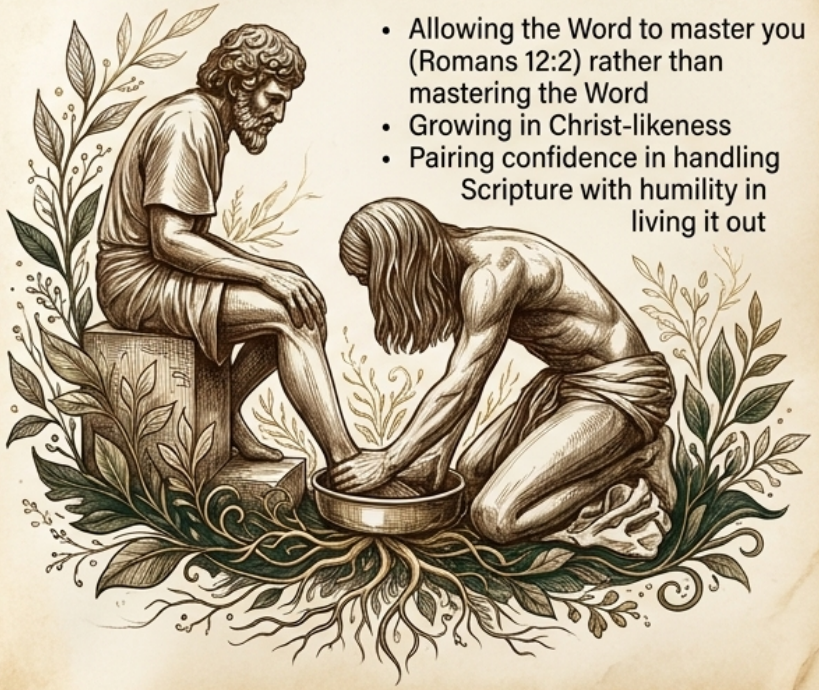

The Discipline (The Mind's Work)

- Slowing the pace of reading
- Formulating better questions
- Stripping away the rush of quick conclusions

The Posture (The Heart's Yield)

- Allowing the Word to master you (Romans 12:2) rather than mastering the Word
- Growing in Christ-likeness
- Pairing confidence in handling Scripture with humility in living it out

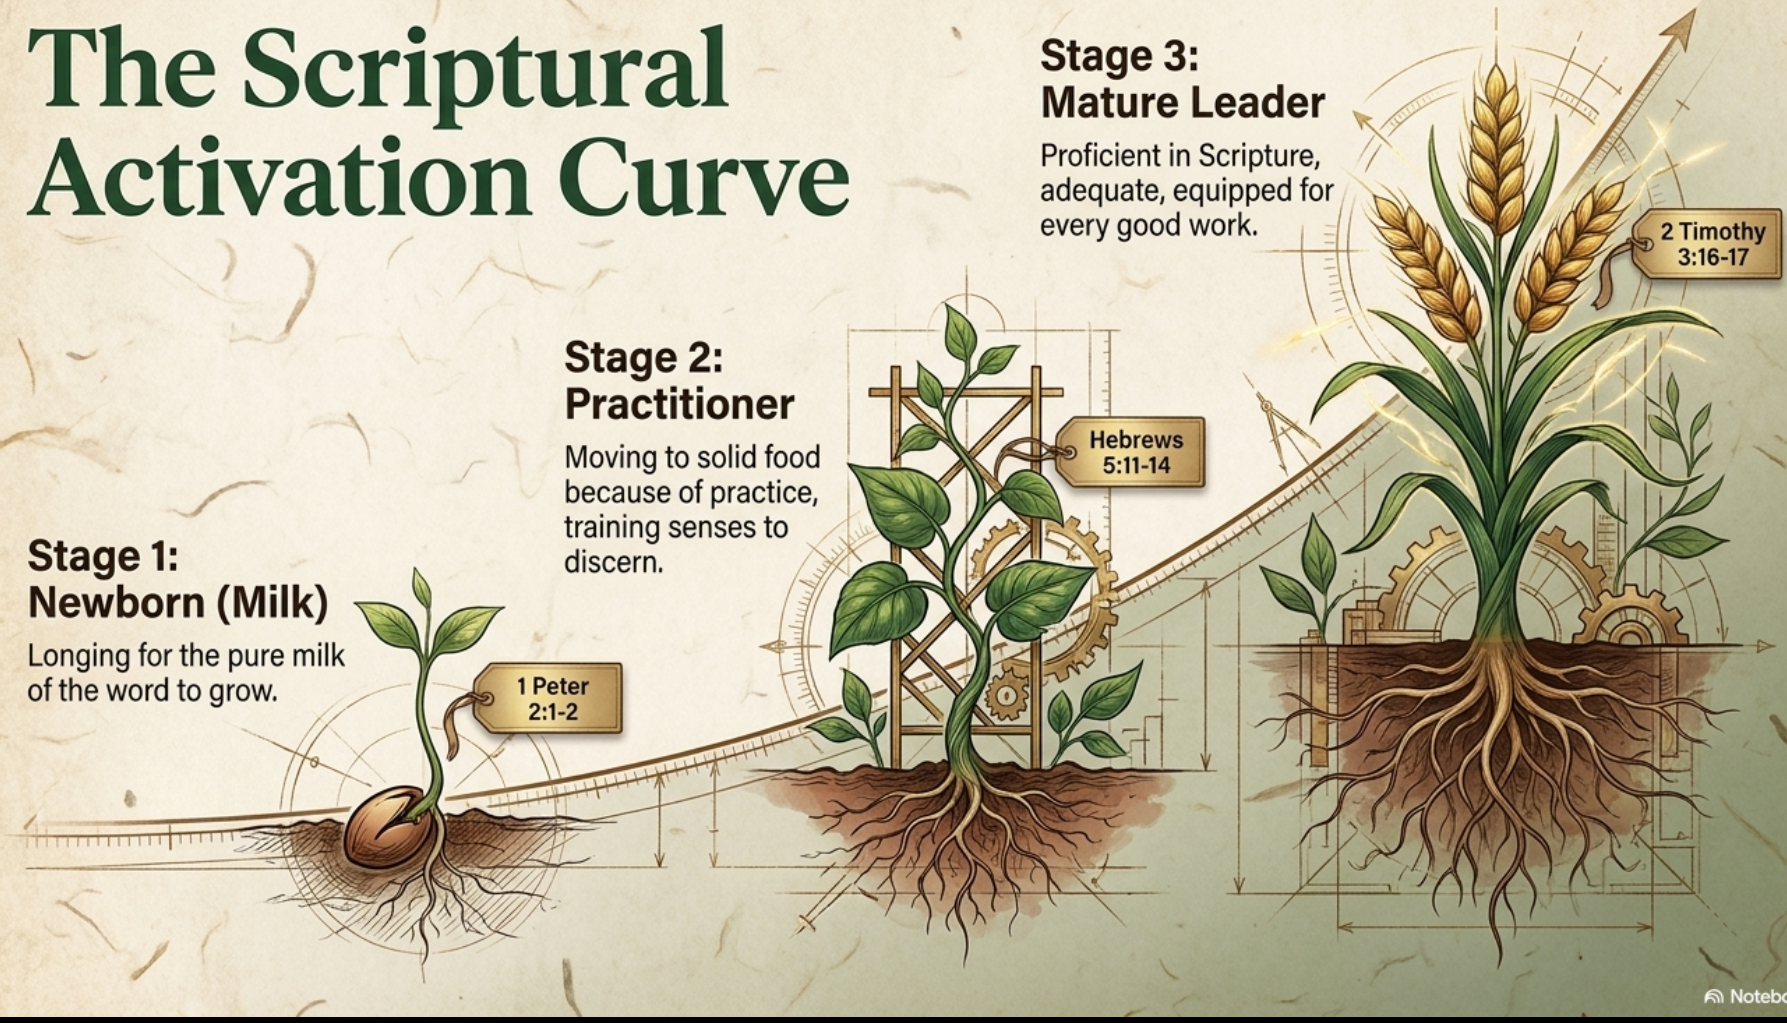

NotebookLM

All Scripture is inspired by God and profitable for teaching, for reproof, for correction, for training in righteousness; that the man of God may be adequate, equipped for every good work.
